Guangzhou, Guangdong, 510275, China

EDUCATION

- **Sun Yat-sen University** 09/2023 - Present
M.S. in Mathematics Guangzhou, China
 - Advisor: Professor Lei Song
- **Sun Yat-sen University** 09/2019 - 06/2023
B.S. in Mathematics (GPA: 3.8/4.0), Minnor in Economics Guangzhou, China

RESEARCH INTERESTS AND EXPERIENCE

- Toric geometry, syzygies of linear series (current research project)
- Tropical geometry, which I explored through a survey titled "Curve Counting Problems and Tropical Geometry" for a graduate-level course.

PUBLICATIONS AND PREPRINTS

C=CONFERENCE, J=JOURNAL, P=PATENT, S=IN SUBMISSION, T=THESIS

- [S.1] Lei Song, **Huanqi Wen**, Zhixian Zhu. (2024). **On Covering Simplices by Dilations in Dimensions 3 and 4**, arXiv preprint, manuscript submitted for publication in *Discrete & Computational Geometry*, [arXiv:2404.02495](https://arxiv.org/abs/2404.02495)

READING SEMINAR

- **Speaker - Toric Geometry Seminar** 2024 Spring - 2024 Fall
Fulton's "Introduction to Toric Varieties" and other classical papers
- **Speaker - Syzygies Seminar** 2025 Spring
Irena Peeva's "Graded Syzygies"
- **Algebraic geometry Seminar** 2024 Spring - 2025 Spring
Hartshorne's "Algebraic Geometry"

CONFERENCES

- **2024 International Summer school of Algebraic Geometry** 07/2024
Fudan University [\[website\]](#)
- **China Southeastern Algebraic Geometry Symposium VII** 12/2024
Sun Yat-sen University [\[website\]](#)
- **Stable reduction of algebraic curves** 05/2025
Xiamen University, Speaker: Qing Liu
- **2025 SRI in algebraic geometry** 07/2025
Colorado state university [\[website\]](#)

AWARDS AND SCHOLARSHIPS

- **Honorable Mention, Mathematical Contest in Modeling (MCM)** 2022
Organized by the Consortium for Mathematics and Its Applications (COMAP)
 - Awarded for outstanding performance in solving a real-world mathematical modeling problem as part of a three-person team in an international modeling competition.
- **Graduate Scholarship** 2023-2024, 2024-2025
Sun Yat-sen University
 - Awarded for academic excellence and outstanding performance in graduate coursework.

SKILLS

- **Languages:** English (IELTS: 7.0)
- **Programming Languages:** C++, Python
- **Mathematical tools:** MATLAB, SageMath, Macaulay2
